Here is what I sent to Rusty as I had some questions he may already have some background on. I don't usually do this – but I'm not sure how much effort he wants to put into the response.

Rusty –

A few comments on the attached. I'll send on to all after but a couple of thoughts for you to consider since you may have some more insights on this – I've added some of these comments in the attached. I didn't really review the memos.

All,

I attached the draft Report to Congress (12 pp), as required under Section 4(h)(2)(E) of TSCA. The report is intended to summarize EPA's progress with implanting the Strategic Plan developed under Section 4(h)(2)(A), and EPA's goals for future implementation of alternative test methods and strategies.

I also attached two action memos (2.5 pp each).

If possible, please provide me with any edits/comments you have by Friday, April 2nd.

Thanks,
